What is Ukiyo Robstop ?

An online shopping portal exclusively for robots. One can pick an appropriate robot according to their requirements, cost and quality. Customer will require to login to the system by providing their full name, email address, phone number when creating an account.

Frontend- Python3

Backend- SQLite3

Admin Login

The screenshot shows a web browser window with the title "Ukiyo Robstop". The main content area has a light blue background and displays the text "ADMIN LOGIN" in bold. Below this, there are two input fields: "Username:" with the value "admin" and "Password:" with masked characters "*****". A link "forgot account?" is visible below the password field. At the bottom, there are two buttons: "Login" and "Sign Up". An orange arrow points upwards to the "Login" button.

Delete A Product

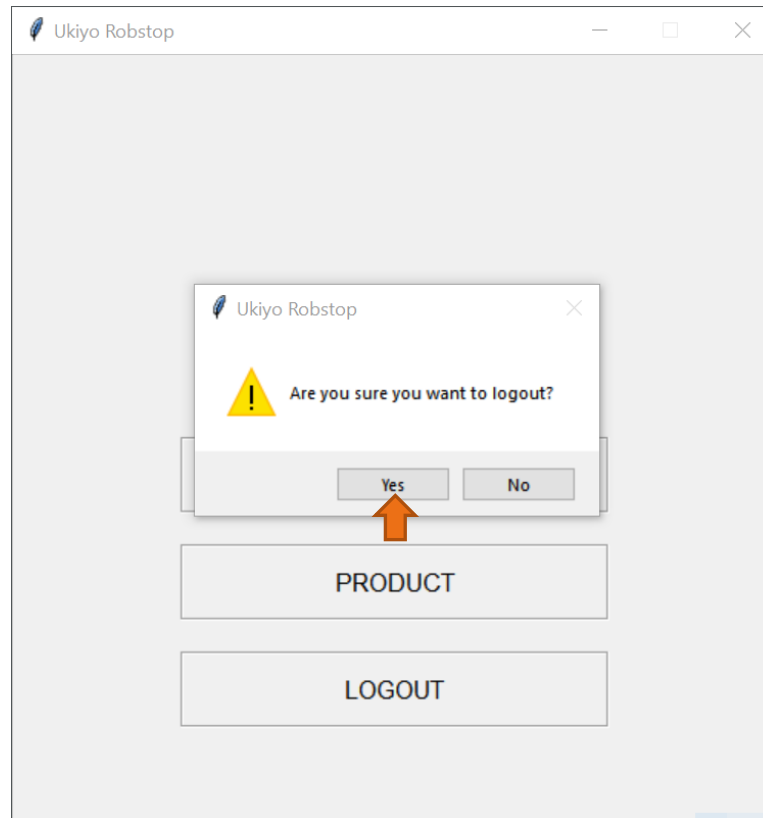

The screenshot shows the 'Ukiyo Robstop' application window. On the left is a sidebar with buttons: Search, Add, Search, Reset, Delete, and Back. An orange arrow points to the 'Delete' button. The main area displays a table titled 'PRODUCT INFORMATION' with columns: PID, NAME, PRICE, CATEGORY, and STOCK. The table contains seven rows of product data. The row with PID '7P' and name 'Sentinel' is highlighted in blue. An orange arrow points to this row. A confirmation dialog box is open in the foreground, asking 'Are you sure you want to delete this record?'. It has a yellow warning icon and two buttons: 'Yes' and 'No'. An orange arrow points to the 'Yes' button.
